MEMORANDUM FOR: Director of Central Intelligence  
THROUGH: Deputy Director of Central Intelligence  
FROM: Herbert E. Hetu  
Director of Public Affairs  
SUBJECT: ~~DCI Approval of Organization Charts~~

1. Action Requested: That you approve the attached unclassified charts for use as general handouts.

2. Background: Chart A shows command responsibilities of DCI/DCIA and the organizational breakdown--including the new alignment in Resource Management--except for the DDO. The colors and titles as they appear help make the distinction between the two responsibilities, i.e., "Deputy to the DCI for..." as opposed to "Deputy Director for..."

DDS&T shares a Community responsibility because NPIC is jointly staffed by DIA and CIA, although DDS&T provides its administrative support. This "Community" arrangement has existed since 1961 and stems from the time when the old USIB (now NFIB) was established by Eisenhower. All of the charts should reflect this responsibility.

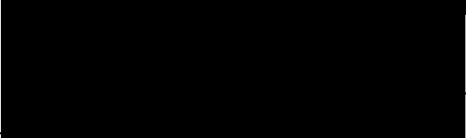

Charts such as these are very useful both in and out of the Government as a visual aid for briefings and for responding to requests for information about the Agency and the recent and ongoing changes.

Remarks:

There is confusion over the correct title of Mr. Bowie. [He uses "Deputy to the DCI for National Foreign Assessment." The attached chart which is distributed by D/PA shows him as "Deputy to the DCI for National Intelligence."

There is a need to conform the charts with our regulations, etc. will you please check this out and let me know the results.
